

**APPROVED MINUTES
CITY COUNCIL
WORK SESSION MEETING
CITY OF WYOMING, MINNESOTA
MARCH 2, 2016
7:00 PM**

CALL OF ROLL:

On a Call of the Roll the following members of the Wyoming City Council were present: Councilmembers Eric Peterson, Linda Nanko/Yeager, Lisa Iverson, and Joe Zerwas

Absent: Claire Luger

Also Present: Robb Linwood-Assistant City Administrator, Craig Mattson-City Administrator, Mark Erichson, City Engineer

1. Pavement Management Study

City Engineer Erichson – *Presented a PowerPoint presentation discussing pavement life cycle, costs associated with the life cycle and the pavement management systems. He went through the field distress surveys of Wyoming streets and the types of distress levels found. He presented a map of current street conditions within the city of Wyoming along with the following data.*

Overall Condition Index	Percent of System
Excellent Category – 90.01 – 100.00	29.16%
Good Category – 60.01 – 90.00	41.25%
Fair Category – 35.01 – 60.00	16.03%
Poor Category – 0.00 – 35.00	13.55%

Gary Sycks - *5710 East Viking Blvd– Mr. Sychs was present to make sure the city council was aware of the existing conditions on East Viking Blvd and that they were going to address the condition of the street..*

The Wyoming City Council discussed possible projects and ways to determine what roads are priority more than others. They will review the pavement management study presented and will determine a time for another workshop to discuss a streets capital improvement project and the prioritization of streets that need to be repaired or rebuilt.
