- Service Address & Parcel Number - The service address/parcel number that is being charged
- Due Date - The date your bill is due; after this date, your bill will incur late fees
- Meter Number - The unique meter number associated with the listed service address
- Service Used - "From" is the last meter read date and "To" is the latest and most current meter read date
- # Of Days - Number of days in this billing cycle
- Meter Readings - "Previous" is the meter read on the "From" date and "Current" is the meter read on the "To" date
- Water Usage - The "Current" read minus the "Previous" read equals the total usage for this billing cycle
- Water Use History - A bar graph to see your past quarterly usage
- Past Payments
 - Amount Owed From Last Bill - Your previous billed amount
 - Adjustments - Any adjustments that were made during the quarter
 - Total Payments Received - Any payments collected over the past quarter
 - Past Due Balance - This amount is past due and owed immediately
- Current Charges - This is a breakdown of your charges for this quarter
- Water Usage - This is your current quarterly water usage; this usage is multiplied by the current water rate to get your total billed amount
- Sewer Usage - This is your current sewer usage; Sewer usage is determined by your quarter 1 (January-April) water usage. If your current water usage for the current quarter is lower than your quarter 1 water usage, your sewer usage will decrease to the lower amount. Sewer usage will never exceed water usage. For commercial properties, your sewer usage equals the current water usage each billing cycle.
